Well-appointed serviced suites in a popular shopping centre for professional health and complementary therapy practitioners of all modalities.

**A safe place to practice healing**

We at Bellacroft are a family of healing practitioners that deeply values the sanctity of life. We are recognised as an organization guided by sound principles.

We are respectful of others. We embrace the richness of alternative cultures, viewpoints, ways and faiths. We strive to be ethical in the way we do things.

We feel an intuitive connectedness with all. We live our lives based on love, compassion, integrity and benevolence.

We teach that, given the right balance of natural foods, clean water and an uplifted environment – and with love – that self-healing is the most effective way of maintaining the best health possible.

We seek higher guidance and direction with our decisions and recognize this is the source of all healing and balancing.

If you have similar feelings, you would be welcome to come and discuss how we can be of service to you.
